National Emergency Briefing

People's Emergency Briefing

On the climate and nature crisis

In November 2025, the National Emergency Briefing brought together leading experts to present the latest evidence on the climate and nature crisis to politicians and other influential people in Westminster.

The evening will start with the screening of this National Briefing on the effects of climate change to our community. It will be followed by an open discussion as to how communities can respond and face these challenges.

Come along watch the film and join the discussion

Wednesday 21st October 7:00pm Free Entry

Kilmington Village Hall – Refreshments
